

Boogie Babies

✧ Movement & Music for Toddlers ✧

For children aged 18 months to 2 years 4 months (accompanied)

We bring children's favourite songs & stories to life through movement!

Dance is beneficial for children's development:

- Encourages participation and group interaction
- Improves balance, coordination, and agility
- Promotes physical fitness while enhances poise and grace
- Creates a positive self image and improves attention span
- Provides opportunities to lead, share and respond to others
