

Drama Club

Be All You Can Be!

Engaging in make-believe play is an early dramatic activity which allows children to develop a sense of who they are as individuals by exploring imaginary situations which mirror real life experiences. The aim of the Woodland Drama Club is to facilitate this process of self-discovery by providing a structured context that promotes learning through speaking, acting and interacting. With emphasis on developing confidence and valuable communication skills, each lesson provides a wide range of fun-filled, creative activities, designed to motivate, stimulate and encourage student involvement.

Learn & develop through:

- Dress up
- Social games
- Speech and role play
- Question and answer sessions
- Mini scripts and improvisation
- Creative movement and dance
