Woodland Pre-Schools
Since 1978

Temperature and Rapid Antigen Test Record Sheet (Accompanied)
(Monthly record- please print, update and bring to every class)

1. Parents/Guardians should take their children's temperature before going to school. For normal body temperature range, please refer to the "Reference Range for Temperature Screening" in the "Guidance Note on Monitoring of Body Temperature" by the Centre for Health Protection. Please browse https://www.chp.gov.hk/files/pdf/guidance_note_on_monitoring_of_body_temperature.pdf Children with a body temperature of 37.5℃/ 99.5℉ or above, should stay home and take rest. Parents/Guardians should monitor the situation and consult a doctor if necessary.
2. Parents/Guardians have to complete a Rapid Antigen Test before coming to class. Parents/guardians can only return to school after getting negative results. If anyone tested positive, they must not go to school but should inform the school of their positive results as soon as possible and stay at home. They should also report to the Department of Health as soon as possible within 24 hours via the "Declaration System for individuals tested positive for COVID-19 using Rapid Antigen Test" (https://www.chp.gov.hk/ratp/#).
3. Parents/Guardians should record their results of RAT and their children's temperature before coming to school, and sign on the record sheet. The record sheet should be returned to school staff/class teacher for checking.

Name of Child: _____ Class: _____ Month: _____

Date	Time for taking temperature	Student's Temperature	Parent/Guardian 's Rapid Antigen Test with a negative result (pls ✓, if applicable)	Signature of Parent/Guardian
